Subject: RE: Wedron Meeting
Date: Tuesday, August 20, 2013 1:58:00 PM

The following participants will attend for EPA: me, Steve Faryan, Don Bussey, Tom Poy, Lisa Graczyk, and Andris Slesers. If you have prepared materials for our meeting, including the draft AOC, please forward the documents to me in advance of the meeting so that our meeting time is spent constructively. Likewise, EPA is preparing some maps with a summary of data to supplement our conversation, and I will forward those as soon as they are finalized.

Subject: RE: Wedron Meeting

The meeting is confirmed for August 23 from 9:00am to 3:00pm in our offices. If USEPA will have any participants different from the last meeting, please provide the additional names and I will add them to the list for security.

We likely will have visual materials so if you have participants that will be participating remotely, we will set up a Webinar to allow them to see the materials.

Best regards,
Sean

Subject: RE: Wedron Meeting

EPA is available from 9 am to 3 pm for our meeting on 8/23. I think a six hour meeting will be necessary to either resolve the remaining technical issues, or determine that we are unable to reach consensus.

Can we start the 8/23 meeting at 10:00am rather than 10:30 to give us a little extra time?

Subject: Wedron Meeting

Mark and Sean – it appears that Friday, August 23, is a better date for EPA to meet with FML and Lockheed Martin representatives. We would need to end our meeting by 3 pm on August 23rd. If

we meet on Thursday, August 22nd, Don Bussey may be available only by phone to participate.
Please let me know if Friday, August 23rd works for our next meeting date.
